

This compilation was prepared taking into account amendments up to and including: *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2012*, published in Government Gazette No.3 on 11 January 2013; *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2021*, published in Government Gazette No.183 on 29 October 2021.

FISH RESOURCES MANAGEMENT ACT 1994

PROHIBITION ON RECREATIONAL FISHING (NINGALOO MARINE PARK) ORDER 2005
Order No. 12 of 2005

FD 1620/98 [695]

Made by the Minister under section 43.

1. Citation

This order may be cited as the *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2005*.

2. Interpretation

(1) In this order, unless the contrary intention appears—

“bait fish” means fish of the Family Atherinidae, Clupeidae, Engraulidae, Hemirhamphidae or Mugilidae;

“fishing net” has the same meaning as in regulation 3 of the regulations;

“General Use Areas” means all the areas specified in Schedule 2;

“mesh size” means the size of the mesh of a fishing net as measured in accordance with regulation 64D of the regulations;

“mollusc” means fish of the Phylum Mollusca except oysters, cuttlefish, octopus and squid;

“Ningaloo Marine Park” means all the waters of the area specified in Schedule 1;

“pointed instrument” means a speargun, harpoon, gidgie, hawaiian sling or any other similar pointed device;

“Recreation Areas” means all the areas specified in Schedule 3;

“regulations” means the *Fish Resources Management Regulations 1995*;

“Sanctuary Areas” means all the areas specified in Schedule 6;

“Special Purpose Benthic Protection Area” means the area specified in Schedule 5;

“Special Purpose Shore Based Activities Areas” means all the areas specified in Schedule 4.

(2) In this order, unless the contrary intention appears the following expressions have the same meaning as provided for in regulation 3(2) and Schedule 7 to the regulations—

“manta ray”;

“Queensland groper”;

“rockcod”;

“wrasse”.

3. Sanctuary Areas

A person must not engage in recreational fishing in the waters of the Sanctuary Areas.

4. General Use Areas

(1) A person must not engage in recreational fishing by means of a pointed instrument in the waters of the General Use Areas that are—

(a) north of 22° 29.7500' south latitude; or

(b) south of 21° 56.300' south latitude.

(2) A person must not engage in recreational fishing in the waters of the General Use Areas by means of a fishing net.

(3) Subclause (2) does not apply to a person fishing by means of a throw net for bait fish.

DISCLAIMER:

This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazettes in which the principal notice and subsequent amendments were published, its accuracy cannot be guaranteed.

Accordingly - (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

This compilation was prepared taking into account amendments up to and including: *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2012*, published in Government Gazette No.3 on 11 January 2013; *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2021*, published in Government Gazette No.183 on 29 October 2021.

5. Recreation Areas

(1) A person must not engage in recreational fishing by means of a pointed instrument in the waters of the Recreation Areas that are—

- (a) north of 22° 29.7500' south latitude; or
- (b) south of 21°56.300' south latitude.

(2) A person must not engage in recreational fishing in the waters of the Recreation Areas by means of a fishing net.

(3) Subclause (2) does not apply to a person fishing by means of—

- (a) a fishing net in the waters of the areas specified in item 1, item 3 or item 4 of Schedule 7; or
- (b) a throw net when fishing for bait fish.

6. Special Purpose Shore Based Activities Areas

(1) A person must not engage in recreational fishing in the waters of the Special Purpose Shore Based Activities Areas.

(2) Subclause (1) does not apply to a person fishing without the use of, or in connection with the use of, a boat by means of—

- (a) a fishing line;
- (b) a fishing net in the waters of the area specified in item 2 of Schedule 7;
- (c) a throw net when fishing for bait fish.

7. Special Purpose Benthic Protection Area

(1) A person must not engage in recreational fishing in the waters of the Special Purpose Benthic Protection Area.

(2) Subclause (1) does not apply to a person fishing by means of trolling.

8. Prohibition on fishing for Queensland groper, manta ray or molluscs

A person must not engage in recreational fishing in the waters of the Ningaloo Marine Park by any means for Queensland groper, manta ray or molluscs.

9. Prohibition on fishing for cod or wrasse by pointed instrument

A person must not engage in recreational fishing in the waters of the Ningaloo Marine Park by means of a pointed instrument for—

- (a) rockcod; or
- (b) wrasse.

10. Prohibition on fishing with the use of compressed air

A person must not engage in recreational fishing in the waters of the Ningaloo Marine Park by means of a pointed instrument with the assistance of compressed air breathing apparatus.

11. Net fishing

A person must not engage in recreational fishing in the waters of the Ningaloo Marine Park by means of a fishing net other than a throw net unless—

- (a) one end of the net is set on the foreshore above the waterline at all times;
- (b) the net is being used between the hours of 5.30 a.m. and 8.30 a.m. or 4 p.m. and 7 p.m. on any day; and
- (c) the net has a mesh size of not more than 90 millimetres.

DISCLAIMER:

This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazettes in which the principal notice and subsequent amendments were published, its accuracy cannot be guaranteed.

Accordingly - (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

This compilation was prepared taking into account amendments up to and including: *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2012*, published in Government Gazette No.3 on 11 January 2013; *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2021*, published in Government Gazette No.183 on 29 October 2021.

12. Revocation

The *Ningaloo Marine Park (Recreational Fishing) Notice 1991*, published in the *Government Gazette* of 11 October 1991 and which continued in force under regulation 186 of the *Fish Resources Management Regulations 1995* as if it was an order made under section 43, is revoked.

**Schedule 1
Ningaloo Marine Park**

All waters bounded by a line commencing south-east of North West Cape in the Exmouth Gulf at the intersection of 21° 52.9218' south latitude and 114° 19.0812' east longitude; thence north along the meridian to the intersection with 21° 46.9218' south latitude; thence north-westerly along the geodesic to the intersection of 21° 41.45' south latitude and 114° 14.39' east longitude (the seaward limit of the coastal waters of the State); thence generally south-westerly, generally southerly and again generally south westerly along the seaward limit of the coastal waters of the State to 24° 01.8636' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline at approximately the northern end of Red Bluff; thence generally easterly, north-easterly, northerly, and again generally north-easterly along the high water mark to the intersection 114° 8.236' east longitude (a point on the western boundary of Lyndon Location 44); thence northerly along the meridian (the western boundary of Lyndon Location 44) to the low water mark on the coastline; thence generally north-easterly and generally south-easterly along the low water mark on the coastline (the boundaries of Lyndon Location 44) to the intersection with 21° 48.79' south latitude (the north-eastern boundary of the Commonwealth Communication Pier Excision (the area of the Exmouth Gulf described in the notice under the Lands Acquisition Act 1955 of the Commonwealth published in the Commonwealth of Australia Gazette No. 49 of 28 May 1964 at page 2027)); thence from there extending south easterly along the geodesic to the intersection of 21° 48.93' south latitude and 114° 12.05' east longitude; thence south westerly along the geodesic to the intersection of 21° 49.31' south latitude and 114° 11.95' east longitude; thence north-westerly along the geodesic to the intersection of the low water mark on the coastline and 21° 49.16' south latitude (the boundary of the Commonwealth Communication Pier Excision); thence generally south-westerly along the low water mark of the coastline to the intersection with 21° 50.81' south latitude; thence westerly along the parallel to the intersection with the high water mark on the coastline; thence generally southwesterly along the high water mark on the coastline to 21°52.9218' south latitude; thence easterly along the parallel to the commencement point.

**Schedule 2
General Use Areas**

All waters of the Ningaloo Marine Park other than the waters described in Schedule 3, Schedule 4, Schedule 5, Schedule 6 and Schedule 7.

**Schedule 3
Recreation Areas**

(1) All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 21° 52.9218' south latitude; thence easterly along the parallel to the intersection with 114° 12.3516' east longitude; thence northerly along the meridian to the intersection with 21° 49.55' south latitude; thence westerly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly along the high water mark on the coastline to the intersection with 21° 51.3167' south latitude; thence easterly along the parallel to the intersection with 114° 10.95' east longitude; thence southerly along the meridian to the intersection with 21° 52.4833' south latitude; thence westerly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly along the high water mark on the coastline to the commencement point.

DISCLAIMER:

This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazettes in which the principal notice and subsequent amendments were published, its accuracy cannot be guaranteed.

Accordingly - (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

Doc 5.03A.2

This compilation was prepared taking into account amendments up to and including: *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2012*, published in Government Gazette No.3 on 11 January 2013; *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2021*, published in Government Gazette No.183 on 29 October 2021.

(2) All waters bounded by a line commencing at the intersection of the low water mark on the coastline and 21° 48.55' south latitude; thence easterly along the parallel to the intersection with 114° 11.9856' east longitude; thence generally north-westerly along the geodesic to the intersection of 21° 46.1004' south latitude and 114° 10.4508' east longitude; thence generally south westerly along the geodesic to the intersection of 21° 46.55' south latitude and 114° 09.1314' east longitude; thence easterly along the parallel to the intersection with 114° 10.35' east longitude; thence southerly along the meridian to the intersection with the low water mark on the coastline; thence generally south easterly along the low water mark on the coastline to the commencement point.

(3) All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 114° 1.8' east longitude; thence northerly along the meridian to the intersection with 21° 50.35' south latitude; thence westerly along the parallel to the intersection with 114° 0.7746' east longitude; thence generally north easterly along the geodesic to the intersection of 21° 47.772' south latitude and 114° 05.5506' east longitude; thence generally north easterly along the geodesic to the intersection of 21° 46.9477' south latitude and 114° 07.9667' east longitude; thence southerly along the meridian to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark to the commencement point.

(4) All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 04.35' south latitude; thence westerly along the parallel to the intersection with 113° 52.959' east longitude; thence generally northerly along the geodesic to the intersection of 21° 59.58' south latitude and 113° 54.4074' east longitude; thence generally northerly along the geodesic to the intersection of 21° 55.3026' south latitude and 113° 55.164' east longitude; thence generally north easterly along the geodesic to the intersection of 21° 51.5652' south latitude and 113° 58.5228' east longitude; thence generally north easterly along the geodesic to the intersection of 21° 50.876' south latitude and 113° 59.8' east longitude; thence southerly along the meridian to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark on the coastline to the intersection with 21° 56.7' south latitude; thence westerly along the parallel to the intersection with 113° 55.05' east longitude; thence generally south by south westerly along the geodesic to the intersection of 21° 57.55' south latitude and 113° 54.85' east longitude; thence southerly along the meridian to the intersection with 21° 58.4' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark on the coastline to the intersection with 22° 02.1667' south latitude; thence westerly along the parallel to the intersection with 113° 54.5333' east longitude; thence southerly along the meridian to the intersection with 22° 02.3333' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark on the coastline to the commencement point; but excluding those waters that are the Tantabiddi Sanctuary Area.

(5) All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 13.3' south latitude; thence westerly along the parallel to the intersection with 113° 49.8636' east longitude; thence generally north easterly along the geodesic to the intersection of 22° 9.65' south latitude and 113° 51.2856' east longitude; thence east along the parallel to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark to the commencement point.

(6) All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 22.8' south latitude; thence westerly along the parallel to the intersection with 113° 43.9602' east longitude; thence generally north easterly along the geodesic to the intersection of 22° 22.0626' south latitude and 113° 44.34' east longitude; thence generally north easterly

along the geodesic to the intersection of 22° 19.5' south latitude and 113° 46.5114' east longitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark on the coastline to the commencement point.

(7) All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 35.0' south latitude; thence westerly along the parallel to the intersection with 113° 38.4114' east longitude; thence generally north easterly along the geodesic to the intersection of 22° 29.75' south latitude and 113° 40.4682' east longitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark to the commencement point.

(8) All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 113° 45.7272' east longitude; thence generally north westerly along the geodesic to the intersection of 23° 05.928' south latitude and 113° 44.6118' east longitude; thence generally northerly along the geodesic to the intersection of 23° 04.2084' south latitude and 113° 44.5722' east longitude; thence generally north easterly along the geodesic to the intersection of 23° 02.733' south latitude and 113° 46.1652' east longitude; thence generally northerly along the geodesic to the intersection of 22° 54.65' south latitude and 113° 45.7866' east longitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly along the high water mark on the coastline to the intersection with 23° 02.7' south latitude; thence westerly along the parallel to the intersection with 113° 47.2' east longitude; thence southerly along the meridian to the intersection with 23° 04.45' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark on the coastline to the commencement point.

(9) All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 23° 17.65' south latitude; thence westerly along the parallel to the intersection with 113° 46.002' east longitude; thence generally north westerly along the geodesic to the intersection of 23° 10.3968' south latitude and 113° 44.8794' east longitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly along the high water mark on the coastline to the commencement point.

(10) All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 23° 33.9' south latitude; thence westerly along the parallel to the intersection with 113° 41.934' east longitude; thence generally north easterly along the geodesic to the intersection of 23° 31.2234' south latitude and 113° 43.2888' east longitude; thence easterly along the parallel to the intersection with 113° 45.0510' east longitude; thence generally northerly along the geodesic to the intersection of 23° 26.25' south latitude and 113° 46.0092' east longitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly and south westerly along the high water mark on the coastline to the commencement point.

Schedule 4

Special Purpose Shore Based Activities Areas

Murat—South Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the low water mark on the coastline and 21°49.55' south latitude; thence easterly along the parallel to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally north-easterly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with the southern boundary of the Commonwealth Communication Pier

DISCLAIMER:

This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazettes in which the principal notice and subsequent amendments were published, its accuracy cannot be guaranteed.

Accordingly - (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

This compilation was prepared taking into account amendments up to and including: *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2012*, published in Government Gazette No.3 on 11 January 2013; *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2021*, published in Government Gazette No.183 on 29 October 2021.

Excision (a line that runs between a point at the intersection of the low water mark and 21° 49.16' south latitude, and a point at the intersection of 21° 49.31' south latitude and 114° 11.95' east longitude); thence generally north westerly along the geodesic to the intersection of the low water mark on the coastline and 21° 49.15' south latitude; thence generally south westerly along the low water mark to the commencement point.

Murat—North Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the low water mark on the coastline and the northern boundary of the Commonwealth Communication Pier Excision (a line that runs between a point at the intersection of the low water mark and 21° 48.79' south latitude, and a point at the intersection of 21° 48.93' south latitude and 114° 12.05' east longitude); thence generally southeasterly to a point on the northern boundary of the Commonwealth Communication Pier Excision 100 metres seaward of and normal to the high water mark; thence generally north westerly along a line constantly 100 metres seaward of and normal to the high water mark to 21°48.55' south latitude; thence westerly along the parallel to the commencement point.

Lighthouse Bay Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the low water mark on the coastline and 114° 07.9667' east longitude; thence north along the meridian to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally north easterly and south easterly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 114° 10.35' east longitude; thence southerly along the meridian to the intersection with the low water mark on the coastline; thence generally north westerly and south westerly along the low water mark to the commencement point.

Jurabi Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 113° 59.8' east longitude; thence northerly along the meridian to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally north easterly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 114° 1.8' east longitude; thence southerly along the meridian to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark on the coastline to the commencement point.

Osprey—North Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22°14.9226' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally northerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 22° 13.3' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly along the high water mark on the coastline to the commencement point.

Osprey—South Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 19.5' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally northerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 22° 18.4284' south latitude; thence easterly along the parallel to the intersection

with the high water mark on the coastline; thence generally southerly along the high water mark on the coastline to the commencement point.

Winderabandi Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 29.75' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally northerly, southerly, easterly, then northerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 22° 22.8' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly, northerly, westerly and again southerly along the high water mark on the coastline to the commencement point.

Cloates Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 46.5504' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally north westerly, westerly and northerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 22° 39.3942' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly, easterly and south easterly along the high water mark on the coastline to the commencement point.

Maud Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 23° 10.3968' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally northerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection of 23° 09.4476' south latitude and 113° 45.8646' east longitude; thence generally north easterly along the geodesic to the intersection of 23° 09.1812' south latitude and 113° 46.0428' east longitude; thence generally northerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 23° 08.7498' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly along the high water mark on the coastline to the commencement point.

Pelican—North Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 23° 20.7006' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally northerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 23° 17.65' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly along the high water mark to the commencement point.

Pelican—South Special Purpose Shore Based Activities Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 23° 26.25' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally northerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 23° 24.6' south latitude; thence easterly along the parallel to the intersection with

the high water mark on the coastline; thence generally southerly along the high water mark on the coastline to the commencement point.

Schedule 5 Special Purpose Benthic Protection Area

Mandu Special Purpose Benthic Protection Area

All waters bounded by a line commencing at the intersection of 22° 09.65' south latitude and 113° 51.2856' east longitude; thence westerly along the parallel to the intersection with 113° 47.9' east longitude; thence generally north easterly along the geodesic to the intersection of 22° 06.5' south latitude and 113° 49.2' east longitude; thence generally north by north easterly along the geodesic to the intersection of 22° 04.35' south latitude and 113° 49.8' east longitude; thence easterly along the parallel to the intersection with 113° 52.959' east longitude; thence generally south by south westerly along the geodesic to the commencement point.

Schedule 6 Sanctuary Areas

Bundegi Sanctuary Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 21° 52.4833' south latitude; thence east along the parallel to the intersection with 114° 10.95' east longitude; thence north along the meridian to the intersection with 21° 51.3167' south latitude; thence west along the parallel to the intersection with the high water mark on the coastline; thence generally southerly along the high water mark to the commencement point.

Murat Sanctuary Area

All waters bounded by a line commencing at a point 100 metres seaward of and normal to the intersection of the high water mark on the coastline and 21° 49.55' south latitude; thence easterly along the parallel to the intersection with 114° 13.00' east longitude; thence north along the meridian to the intersection with 21° 48.55' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally south easterly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection of 21° 48.81' south latitude and 114° 11.51' east longitude (a point on the northern boundary of the Commonwealth Communication Pier Excision); thence south easterly along the geodesic to the intersection of 21° 48.93' south latitude and 114° 12.05' east longitude; thence south westerly along the geodesic to the intersection of 21° 49.31' south latitude and 114° 11.95' east longitude; thence north-westerly along the geodesic to a point 100 metres seaward of and normal to the intersection of the high water mark on the coastline and 21° 49.16' south latitude; thence south westerly along a line constantly 100 metres seaward of and normal to the high water mark to the commencement point.

Lighthouse Bay Sanctuary Area

All waters bounded by a line commencing at a point 100 metres seaward of and normal to the intersection of the high water mark on the coastline and 114° 07.9667' east longitude; thence north along the meridian to the intersection with 21° 46.55' south latitude; thence east along the parallel to the intersection with 114° 10.35' east longitude; thence south along the meridian to a point 100 metres seaward of and normal to the intersection of the high water mark on the coastline and 114° 10.35' east longitude; thence generally north westerly and south westerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the commencement point.

Accordingly - (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

This compilation was prepared taking into account amendments up to and including: *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2012*, published in Government Gazette No.3 on 11 January 2013; *Prohibition on Recreational Fishing (Ningaloo Marine Park) Order 2021*, published in Government Gazette No.183 on 29 October 2021.

Jurabi Sanctuary Area

All waters bounded by a line commencing at a point 100 metres seaward of and normal to the intersection of the high water mark on the coastline and 113° 59.8' east longitude; thence north along the meridian to the intersection with 21° 50.8760' south latitude; thence north easterly along the geodesic to the intersection of 21° 50.35' south latitude and 114° 00.7746' east longitude; thence easterly along the parallel to the intersection with 114° 01.8' east longitude; then south along the meridian to a point 100 metres seaward of and normal to the intersection of the high water mark on the coastline and 114° 01.8' east longitude; thence generally south westerly along a line constantly 100 metres seaward of and normal to the high water mark to the commencement point.

Tantabiddi Sanctuary Area

All waters bounded by a line commencing at the intersection of 21° 54.9' south latitude and 113° 57.6667' east longitude; thence north westerly along the geodesic to the intersection of 21° 54.6667' south latitude and 113° 57.5' east longitude; thence north easterly along the geodesic to the intersection of 21° 54.3667' south latitude and 113° 57.9' east longitude; thence south easterly along the geodesic to the intersection of 21° 54.5667' south latitude and 113° 58.1333' east longitude; thence south westerly along the geodesic to the commencement point.

Mangrove Sanctuary Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 21° 58.4' south latitude; thence westerly along the parallel to the intersection with 113° 54.85' east longitude; thence north along the meridian to the intersection with 21° 57.55' south latitude; thence north by north easterly along the geodesic to the intersection of 21° 56.7' south latitude and 113° 55.05' east longitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark to the commencement point.

Lakeside Sanctuary Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 02.3333' south latitude; thence westerly along the parallel to the intersection with 113°54.5333' east longitude; thence northerly along the meridian to the intersection with 22° 02.1667' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally south westerly to the commencement point.

Mandu Sanctuary Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 09.65' south latitude; thence westerly along the parallel to the intersection with 113° 51.2856' east longitude; thence generally north by north easterly along the geodesic to the intersection of 22° 04.35' south latitude and 113° 52.959' east longitude; thence easterly along the parallel to the high water mark on the coastline; thence generally south by south westerly along the high water mark on the coastline to the commencement point.

Osprey Sanctuary Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 18.4284' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally southerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 22° 19.5' south latitude; then westerly along the parallel to the intersection with 113° 43.4' east longitude; thence generally north by north easterly along the geodesic to the intersection of 22° 17.9' south latitude and 113° 43.9' east longitude; thence generally north

Maud Sanctuary Area

All waters bounded by a line commencing at a point 100 metres seaward of and normal to the intersection of the high water mark on the coastline and 23° 10.3968' south latitude; thence westerly along the parallel to the intersection with 113° 44.8794' east longitude; thence generally northerly along the geodesic to the intersection of 23° 09.4998' south latitude and 113° 44.742' east longitude; thence northerly along the meridian to the intersection with 23° 08.6964' south latitude; thence generally northerly along the geodesic to the intersection of 23° 05.0328' south latitude and 113° 43.68' east longitude; thence generally north easterly along the geodesic to the intersection of 23° 04.2084' south latitude and 113° 44.5722' east longitude; thence generally southerly along the geodesic to the intersection of 23° 05.928' south latitude and 113° 44.6118' east longitude; thence generally south easterly along the geodesic to the intersection of the high water mark on the coastline and 113° 45.7272' east longitude; thence generally southerly along the high water mark on the coastline to the intersection with 23° 08.7498' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the intersection with the high water mark on the coastline; thence generally southerly along a line constantly 100 metres seaward of and normal to high water mark to the intersection of 23° 09.1812' south and 113° 46.0428' east longitude; thence generally south westerly along the geodesic to the intersection of 23° 09.4476' south latitude and 113° 45.8646' east longitude; thence generally southerly along a line constantly 100 metres seaward of and normal to high water mark to the commencement point.

Pelican Sanctuary Area

All waters bounded by a line commencing at a point 100 metres seaward of and normal to the intersection of the high water mark on the coastline and 23° 26.25' south latitude; thence westerly along the parallel to the intersection with 113° 43.6' east longitude; thence generally north by north westerly along the geodesic to the intersection of 23° 23.8' south latitude and 113° 42.9' east longitude; thence generally northerly along the geodesic to the intersection of 23° 20.4' south latitude and 113° 43.4' east longitude; thence generally northerly along the geodesic to the intersection of 23° 17.65' south latitude and 113° 43.2' east longitude; thence easterly along the parallel to a point 100 metres seaward of and normal to the intersection with the high water mark on the coastline; thence generally southerly along a line constantly 100 metres seaward of and normal to the high water mark to the intersection with 23° 20.7006' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly along the high water mark on the coastline to the intersection with 23° 24.6' south latitude; thence westerly along the parallel to a point 100 metres seaward of and normal to the intersection with the high water mark on the coastline; thence generally southerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the commencement point.

Cape Farquhar Sanctuary Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 23° 38.5' south latitude; thence westerly along the parallel to the intersection with 113° 35.7' east longitude; thence northerly along the meridian to the intersection with 23° 33.9' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark on the coastline to the commencement point.

Gnarraloo Bay Sanctuary Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 23° 47.75' south latitude; thence westerly along the parallel to the intersection with 113° 30.9' east longitude; thence northerly along the meridian to the intersection with 23° 45.1'

south latitude; thence easterly along the parallel to the intersection with 113° 32.75' east longitude; thence southerly along the meridian to the intersection with the high water mark on the coastline; thence generally north westerly then south westerly along the high water mark on the coastline to the commencement point.

Three Mile Sanctuary Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 23° 52.55' south latitude; thence westerly along the parallel to the intersection with 113° 29.35' east longitude; thence northerly along the meridian to the intersection with 23° 51.0' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally south westerly along the high water mark on the coastline to the commencement point.

Turtles Sanctuary Area

All waters bounded by a line commencing at the intersection of the high water mark on the coastline and 23° 59.15' south latitude; thence westerly along the parallel to the intersection with 113° 24.7' east longitude; thence northerly along the meridian to the intersection with 23° 56.85' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; thence generally southerly along the high water mark to the commencement point.

Schedule 7 Net Fishing Areas

1. Ned's/Mesa Camp

All that portion of the Ningaloo Marine Park, bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 0.2728' south latitude; thence westerly along the parallel to a point 100 metres seaward of the high water mark; thence generally northerly along a line constantly 100 metres seaward of and normal to the high water mark to the intersection with 21° 59.8061' south latitude; thence easterly along the parallel to the intersection with the high water mark on the coastline; then generally southerly along the high water mark on the coastline to the commencement point.

2. Winderabandi Point

All that portion of the Ningaloo Marine Park, bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 29.75' south latitude; thence westerly along the parallel to the a point 100 metres seaward of the high water mark; thence generally northerly and easterly along a line constantly 100 metres seaward of and normal to the high water mark to the intersection with 22° 29.6730' south latitude; thence easterly along the parallel to the intersection with the high water mark; thence generally westerly and southerly along the high water mark on the coastline to the commencement point.

3. Bruboodjoo Point

All that portion of the Ningaloo Marine Park, bounded by a line commencing at the intersection of the high water mark on the coastline and 22° 58.531' south latitude; thence due north to a point 100 metres seaward of and normal to the high water mark on the coastline; thence generally easterly and northerly along a line constantly 100 metres seaward of and normal to the high water mark on the coastline to the intersection with 22° 57.9733' south latitude; thence easterly along the parallel to the intersection with the high water mark; thence generally southerly and westerly along the high water mark on the coastline to the commencement point.
